## II. BACKGROUND CHECKS

### A. Guiding Principles for Background Checks:

- A. The background and social media check processes are intended to help the university evaluate whether a candidate is suitable for the position.
- B. The university desires to promote fair and consistent methods to obtain, analyze, apply, and retain background check information.
- C. Hiring practices must emphasize campus safety and the prevention of discrimination and harassment.

### B. Regulations for Background Checks

- A. All offers are contingent upon successful completion of the background check. All oral or written offers of employment must include a statement such as "This offer is contingent upon the university's verification of credentials and other information required by law and/or university policies or practices, including but not limited to a criminal background check."

- B. Employment MUST NOT begin without a satisfactory background check or as deemed permissible by the campus HRM office.
- C. Criminal background checks must be conducted on final candidates for the following positions:
  - a. Regular faculty and staff,
  - b. Temporary, term, seasonal and intermittent appointments (excluding graduate assistants and student employee appointments except when covered by an approved unit background check program),
  - c. Adjunct faculty,
  - d. Visiting scholars
- D. Other types of background checks may be conducted, such as Financial History Screen or Motor Vehicle Check, depending on the responsibilities of the position.
- E. Employees who have a break in service and return to the university must have a satisfactory background check on file that has been conducted within the last twelve months or have no more than one semester break in service.
- F. Candidates granted a visa with a U.S. Department of State – Bureau of Consular Affairs background check are not required to have an additional criminal search in their home country. A U.S. search must still be conducted if the final candidate established residency in the United States, Bermuda, or Canada.
- G. In accordance with LA RS 17:1826.2, candidates who are applying for research or research -related support positions, which includes undergraduate and graduate students for research or research related support positions or visiting researchers are subject to modified screening procedures outlined in section VI. *Higher Education Foreign Security Act of 2022* below (see Appendix B for LA R.S. 17:1826.1 *Higher Education Foreign Security Act of 2022*). Prior to an offer, these candidates will be screened by the Office of Human Resource Management, with support from the Office of Research and Economic Development, to determine if any of the following apply to the person:
  - a. The person is a citizen of a foreign country and not a permanent resident of the United States.
  - b. The person is a citizen or permanent resident of the United States who has any affiliation with an institution or program with a foreign adversary.
  - c. The person has at least one year of prior employment or training in a foreign adversary country, except for employment or training by an agency of the United States government.
- H. An additional criminal background check and fingerprinting are required by Federal Law to be conducted on individuals holding positions with certain responsibilities (e.g., childcare professionals, law enforcement officers, faculty, staff, and volunteers who work with minors, positions requiring a federal security clearance, etc.) in compliance with applicable laws, regulations, and university and other standards. Hiring Authorities are responsible for ensuring these background checks are conducted and/or working with the necessary parties (e.g., governmental licensing, LA Department of Education, LA State Police, or regulatory agencies, etc.) to ensure compliance.
- I. Hiring Authorities have the option to require background checks on graduate assistants, student employees, volunteers, and employees of non-staffing vendors provided there is a business justification, that checks are made consistently across specific positions, and the documented background check program has been approved by the campus HRM office.

**C. Disclosure and Use of Criminal Convictions during the Hiring Process**

- A. Final candidates are required to disclose all criminal convictions after the interview is conducted or upon extending a conditional offer of employment (see Appendix A for LA R.S. 42:1701 *Consideration of Criminal History in Public Employment*).
- B. Applicants who fail to disclose all criminal convictions or fail to provide truthful, accurate and complete information regarding criminal convictions upon request may be ineligible for hire for the current position and may be prohibited from future employment consideration. Internal candidates may be subject to

corrective action up to and including termination.

#### **D. Procedure for Background Checks**

##### **A. Final Candidate Authorization and Background Check Coordinator Notification**

Final candidates must be provided the background check disclosure, authorization, and release information and indicate their consent prior to a background check being performed by a third-party vendor. Failure to provide consent will preclude a final candidate from consideration for a position.

##### **B. Assessment of Background Check Information**

The campus HRM office will assess the information contained within a background check using the following principles:

- a. Convictions will be taken into account when reviewing a final candidate's criminal history. An arrest without a conviction in a closed case will not be considered.
- b. Open criminal cases may preclude a final candidate from eligibility for employment. The university will assess the circumstances surrounding the arrest, as well as the time frame, nature, gravity, and relevancy of the alleged offense and charge to the job duties.
- c. A criminal conviction is not necessarily an automatic disqualification to initial employment or continued employment with the university. The university will assess the circumstances surrounding the conviction, time frame, nature, gravity, and relevancy of the conviction to the job duties.

##### **C. Processing Background Checks**

- a. HRM is responsible for conducting background checks on all positions.

##### **D. HRM must approve department background check processes that go beyond this procedure's requirements.**

##### **E. Background Check Records**

- a. Candidates not hired due to information revealed on a background check conducted by a third-party vendor must be provided with a copy of the results and a copy of the *Summary of Your Rights under the Fair Credit Reporting Act*. HRM is responsible for offering to provide the results to the candidate.
- b. Candidates who are not eligible for future consideration for employment at the university will be notified in writing from the campus HRM office.
- c. Background check documentation must not be stored in an employee's personnel file.
- d. All information received in connection with the background check process will be treated with discretion and only disclosed as necessary.

### **III. Reference Checks, Official Transcripts, and Licenses/Certifications:**

#### **A. Regulations for Reference Checks, Official Transcripts, and Licenses/Certifications:**

- A. Hiring departments should collect reference information from at least three (3) professional contacts prior to extending an offer of employment. If there is no current employment, then every effort should be made to contact the previous supervisor. Former job titles and work experience should be verified when conducting reference checks.
  - a. As a common courtesy, it is strongly encouraged for the hiring department to contact the current supervisor to conduct a reference check of a current LSU employee who is being considered for hire.
  - b. The hiring department must contact HRM to verify the current employee does not have a pending performance issue that would make them ineligible for hire prior to extending an offer of employment.
- B. Degree verifications are required prior to employment and will be in the form of the applicant providing an official transcript for applicable positions. The campus HRM office may utilize other verification methods (e.g., National Student Clearinghouse) for certain non-academic positions at their discretion. If the degree was earned in a foreign country outside of the United States, a foreign education credential evaluation must be conducted to verify

education prior to employment.

- C. Any position requiring a professional license or certification must be verified by the issuing licensing board or official proof of certification produced and verified prior to employment.

#### **IV. Pre-Employment Drug Screen & Physical Examination**

##### **A. Regulations for Pre-Employment Drug Screen and Physical Examination:**

- A. For a position requiring specific physical requirements, a pre-employment physical examination will be required. Any offer of employment for such a position must be conditioned on a successful physical examination. This requirement applies for new hires as well as current employees transferring or promoting into a new position
- B. For a position determined to be safety-sensitive, a pre-employment drug screen will be required. Any offer of employment for such a position must be conditioned on the successful completion of a drug screen. This requirement applies to new hires as well as current employees transferring or promoting into a new position. If in the course of screening, the results yield more than two diluted results, the worker may be subject to hair follicle testing to determine screening results. For those positions defined as safety-sensitive, if the screening is returned with THC detected and the individual does not have licensed proof for administration, the individual may be conditionally approved for employment to include a six-month testing protocol. If the worker is found to have THC results during that provisional time, they are subject to termination.

#### **V. Hiring Former Employees**

##### **A. Regulations for Hiring Former Employees:**

- A. Former employees are eligible for re-employment if they left the university in good standing and have not been subject to corrective action for behavior. If an employee was terminated or resigned in lieu of termination, the former employee is not eligible for re-hire unless stated otherwise by HRM. Good standing is defined as an employee has complied with all job expectations, policy and procedures; has not been subject to disciplinary action or terminated as a result thereof; has not behaved in a manner that would be grounds for discharge for cause; or tendered a resignation in lieu of termination or without proper notice. A former employee must be approved for re-hire by HRM prior to an offer being extended.

#### **VI. LA RS 17:1826.1 et seq. Higher Education Foreign Security Act of 2022**

- A. In accordance with LA RS 17:1826.1 et seq., candidates applying for research or research related support positions, including undergraduate and graduate students for research or research-related support positions, or visiting researchers must supply the following application materials prior to the offer:

  - b. A vita or resume that lists:
    - All post-secondary institutions attended
    - All previous employment since the applicant's eighteenth birthday
    - All published material affiliated with the applicant
    - 
    - A list of the applicant's current and pending research funding, and its amount, from any source, including the applicant's role on the project, and a brief description of the research;
    - A full disclosed list of non-university professional activities, including any affiliation with an institution or program in a country that is considered by the Secretary

of Commerce to be a foreign adversary

- B. Prior to any offer, the university will verify all post-secondary education attendance and degrees earned, all previous employment since the candidate's eighteenth birthday, publications, and contributions listed including but not limited to research verifications, public conflict of interest records possibly omitted from the application, and federal sanctions.
- C. If further investigation is necessary, a second background check will be performed by the FBI, Louisiana State Police, or other local law enforcement to determine if there are any security concerns with a country that is considered by the Secretary of Commerce to be a foreign adversary.
- D. If all requisite screens do not produce any findings, HRM will authorize the hire. However, if any of the requisite screenings yield a result or area of concern, the matter will be reviewed by the R.S. 17:1826.2 Review Committee comprised of members of HRM, the Office of Research & Economic Development, the Office of the General Counsel, and the Office of Academic Affairs to assess the results, the level of risk, and provide a hire/no hire recommendation.
- E. Employees and students who have a break in service and return to the University in a position that has been identified as research or research-related must have a satisfactory R.S. 17:1826.2 check on file that has been conducted within the last twelve (12) months or who have no more than one semester break in service. An additional R.S. 17:1826.2 screening is not required for undergraduate and graduate students who convert back and forth every other semester from research to non-research status.
