## Proposal and Award Policies and Procedure Guide

- NSF 23-1
- Effective for proposals submitted or due on or after 1/30/2023.
  - 07/31/2023 – Responsible and Ethical Conduct of Research (RECR) updated training requirement
  - 10/23/2023 – Mandatory use of SciENcv for Current and Pending Support and Biographical Sketches
- Slides and video from NSF PAPPG Webinar on 11/17/2022:  
<https://nspolicyoutreach.com/resources/fall-2022-gc-revisions-to-the-pappg-nsf-23-1/>

4

## **PAPPG 23-1 Major Updates**

- Implementation of NSPM-33
- Revised format for Biosketch and Current and Pending Support forms will include required certification to be signed by investigator
- Fillable formats or SciENCv can be used through 10/22/2023
- Only SciENCv can be used after 10/23/2023
- Prior to making an award, updated Current and Pending Support must be submitted by AOR.
  - Changes in support should also be included in annual and final project reports that the PI submits.

5

## **PAPPG 23-1 Major Updates**

- NSF has published table to identify where disclosures must be provided:  
[https://www.nsf.gov/bfa/dias/policy/disclosures\\_table.jsp](https://www.nsf.gov/bfa/dias/policy/disclosures_table.jsp)
- The LSU Library will host *Using SciENCv to Generate Information for Federally Funded Research Workshop* on Monday, March 20, 12 p.m.
  - In person in 241-A LSU Library or via Zoom at <https://lsu.zoom.us/my/mikeholt>

6

## **PAPPG 23-1 Major Updates**

- Concept Outlines
  - Ensures concept is appropriate for proposal type/FOA
  - Required for:
    - Planning
    - Rapid Response Research (RAPID)
    - Early-Concept Grants for Exploratory Research (EAGER)
    - Research Advanced by Interdisciplinary Science and Engineering (RAISE)
    - If required by FOA
  - Submitted by PI via email or via ProSPCT

7

## **PAPPG 23-1 Major Updates**

- Safe and Inclusive Working Environments for Off-Campus or Off-Site Research
  - Off-campus or off-site research is defined as data/information/samples being collected off-campus or off-site, such as fieldwork and research activities on vessels and aircraft.
  - Cover page will include a checkbox for off-campus or off-site research.
  - A template plan is being developed by ORED and other units.
- Responsible and Ethical Conduct of Research (RECR) updated training requirement
  - Expanded to include faculty and other senior personnel
  - Training required for awards made under NSF 23-1 beginning 07/31/2023

## FastLane Retirement

- NSF Grants.gov System-to-System proposals are now retrieved by Research.gov.
- We are still testing functionality of NSF S2S.
- Research.gov Feedback button

10

## **NSF Fall 2022 Virtual Conference**

- Presentations and recordings available at <https://nspolicyoutreach.com/resource-center/>
- Targeted at both faculty and administrators

11

## **NIH Update**

12

## NIH Forms H

- Effective for proposals submitted or due on or after 1/25/2023.
  - See NIH NOT-OD-22-195
- Requires Data Management and Sharing (DMS) Plan outlining how scientific data and any accompanying metadata will be managed and shared, taking into account any potential restrictions or limitations.
  - See NOT-OD-21-013
- New budget line for Data Management and Sharing Costs.
  - For modular budgets, a brief justification must be provided in the additional narrative justification if requesting these costs.

13

## NIH Forms H

## **NIH Forms H**

- The LSU Library will host *Data Management and Sharing Policy for External Funding Workshop* on Tuesday, January 17, 12 p.m.
  - In person in 241-A LSU Library or via zoom at <https://lsu.zoom.edu/my/mikeholt>
- See ORED website on Data Management Plans:
  - [https://www.lsu.edu/research/compliance/policies/data\\_management.php](https://www.lsu.edu/research/compliance/policies/data_management.php)

15

## **eRA Commons IDs**

- Required for all senior personnel and other significant contributors in proposals beginning January 2022.
  - Currently a warning if missing.
  - OSP adds all LSU eRA Commons IDs to GeauxGrants profile.
  - For non-LSU employees, need to add in each record.
- GeauxGrants Personnel tab completion checks for LSU personnel eRA Commons accounts.
  - Will provide warning if the names are not the same.
  - Name in proposal will be used.

16

## **NIH Grants Conference**

- NIH will host a free virtual conference February 1-2, 2023.
- Recommended for investigators and administrators.
- See <https://grants.nih.gov/learning-center/conference>

17

## **GeauxGrants and OSP Updates and Reminders**

18

## GeauxGrants Upgrade (12/01/2022)

- New Proposal Deadlines Widget
- Routing “Thumbs Up” icon replaced with “Submit” button
- LSU Questionnaire includes new question for compliance with PS-25 – Nepotism.
- NIH Forms H applications added
- Proposal Tracking – Awards – added Anticipated Total field from Workday.

The screenshot shows a web interface for a SPA Analyst. At the top, there is a header 'Workday \*\*\*\*\*' and a text input field for the SPA Analyst. Below this is a section titled 'Current Workday Project Data' containing a table with the following data:

Workday Award Number	Award Amount	Begin Date	End Date	Sponsor Award Number	Workday Grant ID
AWD-000000	5300,000.00	01-Sep-2020	31-Aug-2022	DE-XXXXXXXXXX	GR-00000000

Below the table, there are two summary rows with input fields:

- Total: \$ 300,000.00
- Anticipated Total: \$ 700,000.00

## GeauxGrants Tips

- Predefined Reports
- Expand search output to see additional information
- GeauxGrant Help Desk
- Make sure to use 2023 and later start and deadline dates
- Budget – Bulk Entry of Non-Personnel Costs
- Budget – Simplified vs. Detailed.
- Uncompleting tabs in PD

20

## Other Tips and Reminders

- OSP website Proposal Toolkit
- OSP website LSU Information and University Contacts page
- Seven (7) business day routing deadline
  - S2S must be ready for submission 24 hours in advance
